

Classroom- and School-Based Action Research

Planning for Data Collection

1) My action research topic is: 	→	2) My research question(s) is/are:
3) Important demographic variables (if any) include: 	↙	4) The instrumentation needed to answer my research question(s) can best be described as:
5) The following <u>must</u> be considered in my data collection process in order to answer my question(s): 	↙	6) Other potential data collections concerns I have include:
	→	

REMEMBER:

ALL aspects of your research study (e.g., research questions, research design, data collection, analyses) **must be PARALLEL!**
